# Invitation to INFOBALT's Tour in Minsk
Meet leading IT companies based in Lithuania!

Please join us to learn how Lithuania has emerged as a top global IT talent base by meeting representatives of leading tech sector companies based in our Northern European country. Lithuania's tech-savviness has been recognized and leveraged by many Belarusian firms, as a source for affordable offshore cutting-edge IT innovation.

INFOBALT, the association for IT companies in Lithuania, along with the Embassy of the Republic of Lithuania in Belarus are organizing meet-and-greets for interested potential business customers or partners. Come see for yourself how these Lithuanian firms can harness their Baltic tech talent for you and your customers!

Also, INFOBALT, the association for IT companies in Lithuania, along with the Embassy of the Republic of Lithuania in Belarus are organizing excursion to TIBO conference. More than 100 companies from 18 countries (Belarus, Russia, Ukraine, Kazakhstan, Azerbaijan, Lithuania, Latvia, Poland, the Czech Republic, Germany, Finland, Sweden, Great Britain, Turkey, China, South Korea, Japan, the USA) participated in the Exhibition „TIBO-2017".
